

## This is your beer!

Designed exclusively for those with a taste for micro-brewed beers, Brew House beer kits have made quality home brewing simple, and the result is truly satisfying.

### **You will love your Brew House Beer kit because...**

- Our beer kit produces all grain craft-style beer in the same way as commercial craft breweries.
- We use 100% malted barley with no additives or malt extracts to bring you the fresh and pure flavor of "true-to-style" all-grain beer.
- With no boiling — just stirring and careful racking — The Brew House will produce great beer with delicious aromas and flavors in just a few short weeks!

Remember that the best beer is always the one you made yourself!

### AMERICAN PREMIUM LAGER

A relative newcomer, lager became common in the 19th century. Now it's the most popular beer around. This favorite is a refreshing, straw colored lager with a subtle aroma.

<b>Bitterness</b>	8 IBU	<b>Malts</b>	Pale, flaked rice
<b>OG</b>	1.044	<b>Hops</b>	Centennial
<b>Color</b>	Straw, golden	<b>Serve at</b>	7°C / 45°F

### CREAM ALE

Cream ale was originally produced by American brewers in the 1800s. Our version is West Coast, with a darker color and fuller flavors that will satisfy both ale and lager lovers.

<b>Bitterness</b>	22 IBU	<b>Malts</b>	Pale, Carastan
<b>OG</b>	1.048	<b>Hops</b>	Northern Brewer, UK Goldings
<b>Color</b>	Copper	<b>Serve at</b>	12°C / 54°F

### CERVEZA

Modelled after the classic beer of Mexico! Light-bodied, crisp and clean. Drop in a wedge of lime and let our Cerveza take you to a white sand beach overlooking the Pacific... Don't forget the sunblock!

<b>Bitterness</b>	10 IBU	<b>Malts</b>	Pale, flaked rice
<b>OG</b>	1.044	<b>Hops</b>	Cluster
<b>Color</b>	Straw, golden	<b>Serve at</b>	7°C / 45°F

### HONEY BLONDE ALE

This ale is gold in color, with a soft, round palate and a touch of all-natural honey that creates a slightly sweet finish. Refreshingly smooth and full-bodied, it is a perfect beer for those who want the character of a fine lager combined with the taste and body of an ale.

<b>Bitterness</b>	18 IBU	<b>Malts</b>	Pale, honey
<b>OG</b>	1.045-1.047	<b>Hops</b>	Hallertau - Bittering & Aroma
<b>Color</b>	Golden, blonde	<b>Serve at</b>	9°C / 48°F

### INDIA PALE ALE

India Pale Ale was developed in England to withstand the long journey to India during colonization. Our India Pale Ale has a copper/golden color and medium aroma hops, with a slightly higher starting gravity and hop rates than our regular pale ale.

<b>Bitterness</b>	50 IBU	<b>Malts</b>	Pale, Munich, Cara-pils, Carastan
<b>OG</b>	1.051-1.053	<b>Hops</b>	Centennial-Bittering/Goldings-Aroma
<b>Color</b>	Dark golden, copper	<b>Serve at</b>	13°C / 55°F

### LIGHT CANADIAN LAGER

Light Canadian Lager is a crisp, easy to drink beer with a lower alcohol level to bring out the freshness and aroma profile of a true to style all-grain beer.

<b>Bitterness</b>	12 IBU	<b>Malts</b>	Pale malt, Wheat malt and Vienna malt
<b>OG</b>	1.043-1.045	<b>Hops</b>	Centennial for bittering and Hallertau for aroma
<b>Color</b>	Pale straw,	<b>Serve at</b>	9°C / 48°F

### MUNICH DARK LAGER

Since the mid-19th century, this dark beer has been brewed in the Bavarian city of Munich. Our version is characterized by a delicate sweet maltiness, and a toasted nutty flavor.

<b>Bitterness</b>	20 IBU	<b>Malts</b>	Pale, Munich, crystal wheat, chocolate
<b>OG</b>	1.055	<b>Hops</b>	Perle
<b>Color</b>	Dark brown	<b>Serve at</b>	9°C / 48°F

### PALE ALE

A beer with roots in the English Midlands, pale ale dates back as far as 1780. Today, it is copied worldwide. Our version is crisp, amber-colored and aromatic.

<b>Bitterness</b>	30 IBU	<b>Malts</b>	Pale, crystal, honey, carastan
<b>OG</b>	1.050	<b>Hops</b>	Northern Brewer, Cascade
<b>Color</b>	Amber	<b>Serve at</b>	12°C / 54°F

### PILSNER

The original pilsner was brewed in the Czech Republic in 1842. Now, it is known for its generous quantities of hops. Our medium-bodied, golden pilsner is a clean, satisfying beer.

<b>Bitterness</b>	35 IBU	<b>Malts</b>	Pale, Cara-pils
<b>OG</b>	1.052	<b>Hops</b>	Perle, Hallertau, Saaz
<b>Color</b>	Pale to golden	<b>Serve at</b>	9°C / 48°F

### PRAIRIE WHEAT

Brew House "Prairie Wheat" is a light, summer thirst-quencher filled with the distinctive, refreshing flavor of malted wheat. A Canadian version of the classic German wheat beer, it leans towards the "clean and crisp". Prairie Wheat will produce a light-bodied, clean brew, with a subtle hop character.

<b>Bitterness</b>	10 IBU	<b>Malts</b>	Wheat, Pale
<b>OG</b>	1.045-1.047	<b>Hops</b>	Perle for bittering and aroma
<b>Color</b>	Straw, golden	<b>Serve at</b>	7°C / 45°F

### RED ALE

Stylistically positioned between a German Alt Beer and Oktoberfest, our red ale is copper red in color. It has a pronounced crisp, malty character, with delicate hop bitterness and a pleasing floral aroma. Blessed with all of these thirst quenching attributes, this beer is sure to please!

<b>Bitterness</b>	18 IBU	<b>Malts</b>	Pale, crystal, Vienna and chocolate
<b>OG</b>	1.050-1.052	<b>Hops</b>	Centennial-Bittering / Cascade-Aroma
<b>Color</b>	Ruby red, copper	<b>Serve at</b>	12°C / 54°F

### STOUT

Brewed since at least 1820, stout is Ireland's gift to beer lovers. Ours is dark and rich, with a bold roasted flavor, hint of chocolate and espresso-like finish. So smooth, you'll enjoy having more than one.

<b>Bitterness</b>	30 IBU	<b>Malts</b>	Pale, roasted barley, flaked barley, black, crystal
<b>OG</b>	1.044	<b>Hops</b>	Northern Brewer
<b>Color</b>	Black, opaque	<b>Serve at</b>	13°C / 55°F

International Bitterness Units (IBUs):  
A measurement of bitterness in beer. The lower the number, the less bitter the beer.

Original Gravity (OG):  
A measurement of the wort's density before fermentation. Generally, higher OG leads to beers with higher alcohol.
